Name: Neil Armstrong (Captain)

Comment: We've had a very enjoyable few weeks playing cup rugby and it's been great to reward all the support we've had with a series of good wins. We are very aware that we underperformed in our league campaign, but we always knew we were capable of more and we're just relishing the opportunity to win some silverware and make a success of this season.

Name: Iain Berthinussen (Head Coach)

Comment: The application from the players over the last six weeks has been fantastic showing a real desire to embrace the opportunity the Scottish Cup has presented. Hawick are clearly the best team in the country at this level right now, they've got huge resources at their disposal, but we'll enjoy Saturday and embrace that challenge on the big pitch in what will be our last dance of the season.
